

# Need a SSL Cert? Looking for where you can buy.

---

Here's a WIKI that we are starting to highlight where you can buy a SSL Cert. If you want to get more information on Remote Configuration check out Terry's [Blog](#)

[!comodo\\_logo.bmp](#)

Comodo in collaboration with Intel® has developed Pro-Series SSL Certificates specifically designed for use with Intel® vPro™ technology-based PCs Intel® and Intel® Centrino Pro processor technology-based notebooks. Please see <http://www.comodo.com/intel/> for more information.

Need a SSL Cert? Looking for where you can buy.

GoDaddy provides exceptional value and security with their Premium SSL certificates supporting Intel® vPro™ processor technology PCs.
